## Türkçe - English

Tamam, kabul, benim hatamdı  
Hayat büyük, büyük kumardı  
Umudu hoş, hayali tatlı  
Seninle bi' ihtimalim vardı

Okay I accept it, it was my mistake  
Life is a big, big game  
Its hope is nice, its dream is sweet  
I had a chance with you

Sorun değil, yine aşardım  
Sen iste, ben susuz yaşardım  
Yolun sonu yakındı oysa  
Yol ortasında yalnız kaldım

It's not a problem, I would get above it  
You ask and I would live without water  
Even if the end of the path was close  
I stayed alone in the middle of the road

Zarar ziyan cebimde dursun  
Yaşattığın tecrübem olsun  
Hayat, bana büyük oynusun  
Büyük oynusun

Harm, harm, let it stay in my pocket  
Let what you made me live be my experience  
Life is a big game for me  
A big game

Dik durdum, devrilmedim  
Nefsime yenilmedim  
Herkes kucak açtı da  
Ben bir gün sevilmedim

I stayed upright, I didn't tumbled down  
I didn't succumb to my desire  
I opened my arms to everybody  
But I wasn't loved not even for a day

Parayla dost olmadım  
Yalandan yar olmadım  
Kendi suyumdan içtim de  
Akarken doldurmadım

I wasn't friends with money  
I wasn't lovers with lies  
I drank from my own water  
While it was running I didn't get satiated

Şimdi boş, kalbim boş, ellerim bomboş

Empty now, my heart is empty, my hands are empty

Verdiğim sözde durdum  
Girdiğim kalpte vurdum  
Herkes doğrudur umdum  
Ne umdum, bak ne buldum

I maintained the promises that I made  
I hit the heart that I entered  
I hoped that everyone was right  
What I hoped, look at what I've found

Dik durdum, devrilmedim  
Nefsime yenilmedim  
Herkes kucak açtı da  
Ben niye sevilmedim?

I stayed upright, I didn't tumbled down  
I didn't succumb to my breath  
I opened my arms to everybody  
Why wasn't I loved

Şimdi boş, kalbim boş, ellerim bomboş  
Şimdi bu kalbim boş, ellerim bomboş

Empty now, my heart is empty, my hands are empty  
Now this heart is empty, my hands are empty
