

# İyi misin bari

## Türkçe - English

Anlamadan dinlemeden  
Biter mi aşk be insafsız, bil  
Yaptıkların gelir seni de bulur  
Yanına kalmaz

Without understanding, without listening  
Will it end? Love is cruel now that  
What you have done will come and find you  
You won't get away with it

Gözden uzak kalbe yakın sevdıydı bu  
Ne dersen de inanmam  
Bu aşk yarım kalabilir ama unutulmaz

It was a love far from the eyes, close to the heart  
Say whatever you want, I won't believe it  
This love might be left unfinished but it's unforgettable

Oldu mu böyle  
Bu hasret kalbi yaralar  
Söyle bu aralar

Was it like this?  
The longing will hurt the heart  
Tell me, nowadays

Nasılsın iyi misin bari  
Keder de biter aşk misali  
Beni sorma mutsuzum  
Sen gittiğin günden beri

How are you? Are you fine at least  
Does grief finish as love does?  
Don't ask me, I'm unhappy  
Since the day that you went away
