

iz

Türkçe - English

Kal bu halinle
Dolmaz belki gözlerim böylece

Stay as you are
So maybe my eyes won't fill with tears

Ben sende yok olmak istiyorum
Nerede duracağım hiç bilmiyorum
Ellerimden kayıp gitme n'olur
Yerim, göğüm sensin biliyorum

I want to disappear in you
I don't even know where I will stop
Don't slip through my hands, please
I know you are my place, my heaven

Ardından baktığım kimse olmadı
Bak, sadece senin yerin dolmadı
Adında kaldım, günleri saydım
Yine olmadı, yine olmadı
Güllere kandım, benimsin sandım
Yine olmadı, yine de olmadı

I looked behind there was no-one
Look, only your place is not filled
I stayed because of you, I counted the days
It didn't happen again
I was fooled by roses, I thought you were mine
It didn't happen again, it didn't happen anyway

Ver, ellerin nerde?
Aklım, ruhum, ne istersen hepsi sende

Give them to me, where are your hands?
My mind, my spirit, everything for you if you want
