

Verme

Türkçe

English

Sebebimden doğmuş oldum seçmeden
Çekeceğim derdim nedir bilmeden
Yüklediğin yükü yıkıldım kaldım aman
Vereceksen akıl verme istemem

Verme, verme, verme akıl verme
Vereceksen huzur ver vereceksen huzur ver

Azı karar çoğu zarar diyenler
Niye çok alırlar hep az verirler
Akla ikna olup aşkı üzenler
Sanma bizden daha mutlu gezerler

Verme, verme, verme akıl verme
Vereceksen huzur ver vereceksen huzur ver

Kârı nerden bilsin zarardan dönen
Döneceksen şimdi dön ben beklemem
Kovulur mu gönül konduğu yerden
Vereceksen akıl verme istemem

In the first place, I didn't choose to be born
I will suffer without knowing what my problem is
Man I ended up destroyed by the load that you laid
If you are going to give, don't give advice, I don't want

Don't give advice
If you are going to give, give peace

Those who that less is more
Why they always take a lot but give a little
Upset that love will become persuasion to the mind
Don't think they travel happier than us

Don't give advice
If you are going to give, give peace

How do they know to get profit from the loss
If you are going to come back, come now, I won't wait
Is the heart kicked out from its place
If you are going to give, don't give advice, I don't want
